Tom Williams of Oakland Bought Tanforan and Ingleside Tracks for \$600,000.

TENNESSEE FIGHT IS COOLING.

Memphis and Nashville Likely to Reach an Amicable Settlement-Oakland to Alternate With Tanforan.

San Francisco, Cal., March 18.-The San Francisco race track war came to a sudden end Monday, when Thomas H. Williams bought the Tanforan and Ingleside tracks rom Prince Ponlatowski for \$600,000. This offer was made a fortnight ago, but Poniatowski refused because he said that he could not afford to desert the men who had helped him buy the tracks, Since then Poniatowski has been rendered helpless by Mayor Phelan's veto of the ordi-nance permitting Ingleside track to re-

nance permitting lugleside track to reopen.
Last week the ordinance, permitting thirty-six days' racing at lugleside, was passed, and so sure was Poniatowski of the Mayor's approval that he brought all of his paraphernalla up from Tantoran and announced racing for last Saturday at lugleside.
At the eleventh Lour the Mayor sent in his veto, and the Prince had the mortification of seeing book nakers arrested for betting at lugleside.
Another conference was held last night between Phelan, Williams and Poniatowski, which lasted well into the small hours of the morning.
Poniatowski expressed great disgust over the Mayor's action and said it was hopeless to attempt to do anything with the local government blocking every move.
Then Williams made his offer of \$300,000 for the two tracks and Poniatowski accepted.

The result is that Williams practically controls racing in San Francisco, as he can carry or racing at Tanforan and Oakland alternately. The plan is to race first for thirty days at Tanforan, closing the Oak-

thirty days at Tanforan, closing the Oakland track.

Tom Williams acquired 61 per cent of the stock of the San Francisco Jockey Club from Prince Poniatowski. The minority stockholders, among whom is Charles L. Fair, are much disgusted over the Prince selling out, and horsemen are also displeased because they are not partial to a monopoly which can cut down the purses.

Oakland track closed to-day to permit racing at Tanforan for thirty days.

After that Williams can race on either track and will be the boss of the California tracks.

San Francisco, Cal., March 18.—The races at Tanforan were rather featureless, but the attendance was up to the standard of at Tanforan were rather featureless, but the attendance was up to the standard of last week.

The greatest surprise of the day came in the fourth race, in which Catastrophe was a strong favorite. There were only four in the connest, but as good as 16 to 1 was offered against Free Lance. Catastrophe turned into the stretch at second place and at the paddock made a strong bid for the money, but fell away in the last fifty yards, and Free Lance won easily. La Bordia was taird. Benson Caldwell won the first from Illillouin, a 20-to-1 shot.

Rory Ough ran the three-furlong race a quarter of a second under the track record. Isaline won the seven-furlong event in clever fashion, with Redwald second. Phoelissa was the favorite in the fifth, but Our Lizzle beat her out handliy at the end. Bogus Bill got the show.

In the last race, Andrissa led into the stretch, but Star Chamber, the odds-on favorite, came on and won easily.

VARRE WON THE HANDICAP. Made Excellent Showing in the Feature Race at New Orleans.

REPUBLIC SPECIAL, New Orleans, March 18.—The spring meet ing of the New Louisiana Jockey Club was augurated to-day under very favorable circumstances. The track was lightning

fast and the weather cool. The programme that was offered was an

cap, \$1,29 added, at a mile and one-eighth, was the particular feature of the afternoon.

Intrusive of the original ten entries was the only one to side-step the issue. The reason given for his failure to start was that the field was too large, and then again he was assigned top weight at 134 pounds. Intrusive's absence was not missed, as the race produced an exciting fleish, and Varro, the Derby colt, who fattered as the tern for home was reached in Saturday's race, was the winner.

Cluster, on account of his reported fast work, was made the favortic at 3s, and was heavily played, with Dissolute as the seccond choice, while the Derby colt drifted from 6s to 8 to 1 at post time. The field was sent away to a perfect start. Dissolute went to the front as the barrier went up and remained there till the last furlong, when there was a general closing up and in a furious drive McCann managed to land Varro a winner by a short neck, in front of Cluster, who secured the place by a half length from Dissolute. The crowd in the grand stand appreciated the finish and the winner and his rider received an ovation when they returned to the stand.

Judging by the race that Varro ran today, it showed conclusively that he was short for the Derby and had he another race in him he would have been returned the winner instead of Henry Clay Rye. The race from a time standpoint was a corker. The mile was run in 1:49%, while the mile and an eight was covered in 154%, which is within three-quarters of a second of the track record.

Sevoy took the six-furlong handicap in a gallop. He was as good as 4 to 1 in the betting, and went to the front when ready and won eased up by four lengths in the fast time of 1:13. Georgie, the heavily-played favorite, was away shy on speed and finished in the ruck. Elsie L, the equicholce with Tenny F., in the 2-year-old scramble at four furlongs, secured a running start and was never headed, winning cased up by ten lengths.

The fifth produced an exciting finish between King Elwood, Little Sallie and Pace-

maker. King Elkwood was the winner by a nose from Little Sallie, who just did beat Pacemaker by that margin for the place. Pacemaker would have been the winner in

Pacemaker would have been the winner in another jump or two.

Red Pirate came home in front by a length with the fancy odds of 12 to 1 clinging to him in the sixth race.

FOUR GREAT TROTTERS TO MEET. SHOOTING PIGEONS VS. SPARROWS.

James Cowau Defeated J. W. Orth in a Novel Match at Philadelphia.

REI UBLIC SPECIAL.

Philadelphia, March 18.—James Cowan defeated J. W. Orth in a lifty live-bird shooting match yesterday at the Belmont Driving Park. Orth shot at pigeons and Cowah at sparrows. The score was 13 to 27. The conditions of the match were that Orth should stand at the 25-yard mark and Cowah at 25 yards. Orth was not up to his usual form, and, besides, a number of his birds fell dead out of bounds.

It was a fine day for the sport, and the wind, what little there was of it, was just suitable to the marksmen. Both men are well-known wingshots, and the fact that they were to meet at the traps and one to shoot at pigeous against the other at sparrows attracted quite a crowd of lovers of the sport.

Cowan shot in fine style, and the birds that got away from him were not hit at all. The arrangement was that each employe contribute a single blossom, it being thought that this plan would be more unique and would express a greater sentiment. The blooms were arranged by one of the employes with artistic result. The 800 roses, plnks, hyacinths, tulips, violets, ferns, jonquis, etc., transformed Mr. Frankiln's office into such a fragrant bower that there was barely room for him to step inside when he unlocked his door at 9 o clock in the morning.

The graceful remembrance was fully appreciated by Mr. Frankiln, who found himself at a loss for words to adequately express his feelings.

MUNYON'S INHALER CURES CATARRH Colds, Coughs, Bronchitis, Asthma and all Diseases of Cured in 30 to 90 Days.

We want to talk or write to every man who is afflicted with Sexual Debfility and who feels that he is not up to the proper standard of health, vitality and manhood. Millions of promising young men are ruined through sexual ignorance, abuse, overwork and excesses; at 20 they are prematurely old and weak, and very few at 48 are enjoying perfect manhood. No man who has transgressed the laws of nature, who has been ludiscreet in his youth or indulæed in later excesses is safe until such time as the results of these errors have been removed or corrected. Neglect results in a complete breakdown of the sexual, mental and physical powers. Our entire professional career has been devoted to the curring and building up of weak, despondent men, and we have gained a national reputation as being successful in the practice of our speciality. Our special treatment for weak, ened seminal ducts; stops all losses and drains of vigor; restores the organs to their normal size and warmth; removes all reflex symptoms of disease and weakness, and you soon will regain that feeling of pride, confidence and power which are so precious to every man, and which invariably accompany good health and restored manhood. Avoid experiments and incompetent treatment. Do not trust in nature for a cure; but cast your modesty aside, and consult skilled, expert specialists, who can and will give you the quickest, safest, most modern and most reliable cure obtainable.
